Fee: £35 (including all refreshments) Please enquire about free places for service-users

Keynote Speaker – Fr Daniel O’Leary – columnist and author

In the inspiring surroundings of Liverpool Cathedral we will reflect on the challenges as well as the achievements and opportunities in Catholic Chaplaincy in Mental Health Services. What is our distinctive ethos in the collaborative context of Mental Health Chaplaincy? What are the opportunities to link with Parish and Deanery Communities to ensure genuine acceptance and welcome for people with mental health needs? How do we link the recovery model to the Gospel message of hope?

These are just some of the issues which will be considered at this important Conference organised as part of the ‘Welcome Me as I am’ project (details on www.welcomemeasiam.org.uk). The Conference is being organised in partnership with the Spiritual and Pastoral Care Department of Mersey Care NHS Trust and the Catholic Bishops Conference Mental Health Project, which commissioned the ‘Welcome Me as I Am’ project.

Bishop Tom Williams, Chair of the Bishops Conference Health Care Reference Group and Bishop Richard Moth, Chair of the Mental Health Reference Group of the Bishops Conference will be joining us and sharing their thoughts. Afternoon workshops will include sessions on the theme of ‘Life to the full – Chaplaincy and Recovery’, and ‘Good practice in working with parishes and deaneries on mental health issues’. The conference will provide an excellent opportunity for networking and our day will conclude with Mass in the Blessed Sacrament Chapel of the Cathedral.

The conference is aimed a broad range of participants including Chaplains, Chaplaincy Volunteers, and those involved in pastoral ministry to people with mental needs, service users, and those involved in Chaplaincy from other denominations interested in exploring these issues.
